

Scoring Rubric

High School Programs

Overview - 900 Points

The application scoring system considers the CPS High School Admissions Test (HSAT) (50% of the total) and seventh-grade grades for core subjects (50% of the total). The weights for the scoring components are established by using a total of 900 points, with each 50% element worth 450 points.

CPS High School Admissions Test (HSAT) - 450 Points

Points from the HSAT are determined by multiplying the percentile by 2.2727 to get a maximum score of 225, so that Reading and Math together yield a maximum of 450 points. You can use the table below to determine your point total.

Seventh Grade Grades - 450 Points

Points are calculated for reading, mathematics, science, and social studies. Each 'A' grade is worth 112.5 points, 'B' is worth 75 points, and 'C' is worth 38 points. No points are awarded for 'D' or 'F' grades. You can use the GRADES table to determine your point totals.

CPS High School Admissions Exam Conversion Table

Math or Reading %	Points								
99	225	79	180	59	134	39	89	19	43
98	223	78	177	58	132	38	86	18	41
